### STEP 3 – Create Driver Profiles

You create profile for each driver. One user account can nominate for many driver profiles. For example – a parent might have a user account, but not a driver profile. The kids will have a driver profile, but may not have a user account. The parent can then nominate for both kids at the same time.

Driver Profile Form	
Driver Profile	<input type="text" value="staceyiwadow-1"/>
User ID	<input type="text" value="staceyiwadow"/>
Email ID	<input type="text" value="staceyiwadow@yahoo.com.au"/>

First Name *	<input type="text" value="DUMMY USER"/>
Last Name *	<input type="text" value="DUMMY USER"/>

<b>Enter a valid number for Licence *</b>	
If another person is going to nominate for events on your behalf then select their User ID as <b>Manager</b> otherwise the <b>Manager</b> value must be your User ID.	
Typically a parent would act as Manager for their children.	
A Manager may also be designated to act on behalf of a team of drivers.	
<b>DO NOT</b> change the <b>Manager</b> value unless you are clear on the impact. If it doesn't match your <b>User ID</b> at the top of this form then you won't be able to nominate for this driver.

Driver Level *	<input type="text" value="Senior"/>
