Please note:

1. If you were a licence holder last year and there is no change to the grading no further documentation is required.
2. If you were a licence holder last year and you are upgrading a copy of your Log Book licence grade endorsements is required.
3. If you are a new member under the age of 18 years, proof of age must be attached (i.e. birth certificate or passport).
4. If you are applying for a new licence or would like a new photograph on your licence you may submit a photograph in jpeg format.

During the AIKDA licensing process you will be required to select which club you have or wish to join. This prompts the system to send the club an email indicating that a member has applied for a licence and will be doing it through the selected club. Once the member has joined the club, the club then notifies the AIDKA licence secretary that they have a valid membership and only then will AIDKA process the licence.

Please allow 2 weeks for licence applications to be processed. Once the club membership and AIKDA licence application has been completed then GSKC will post/give at track your licence directly to you once received from AIDKA.

You must have your licence at each racing meeting to be able to race. No licence no racing!!
